In respect of Policy SS1: Presumption in Favour of Sustainable Development, we strongly support the inclusion of this policy within the new Melton Local Plan in line with Paragraph 14 of the National Planning Policy Framework. We propose that the proposal for the erection of 15 dwellings should be considered in light of this policy in that it will deliver new homes on a site where the principle of development has been accepted and in a location where local services are readily available.

On behalf of our client, we are seeking to work with Melton Borough Council in promoting the subject site Land off Canal Lane, Hose (Appendix 1), for a residential development scheme.

We fully support the recognition that the development requirements outlined in Policy SS2: Development Strategy are a minimum, and the flexibility that this part of the policy enables. Furthermore, we support the identification of Hose as a Service Centre, which are to support 35% of the total residential requirement across the Borough. As we have stated above, we consider Hose to be a sustainable settlement with comparatively good access to local services and facilities and therefore we agree that it is suitable for a proportion of residential development.

However, we are concerned that not all of the relevant issues have been taken into account when determining the amount of residential development that is required. Paragraph 158 of the NPPF states that 'each local planning authority should ensure that the Local Plan is

based on adequate, up-to-date and relevant evidence about the economic, social and environmental prospects of the area'. The Councils of the Leicester and Leicestershire are currently working on producing their Housing and Employment Development Needs Assessment Report [HEDNA] and this is anticipated to be published in January 2017. The updated Objectively Assessed Housing Needs [OAHN] contained within this document are likely to have a significant impact on the residential requirements for the borough, and as such the current anticipated housing requirements are likely to require revising prior to the Local Plan's submission in order for it to pass the tests of soundness.

4 CH4PSS2Q4: Please set out what change(s) you consider necessary to make the Melton Local Plan legally compliant or sound, having regard to the test you have identified at 2 above where this relates to soundness. (NB Please note that any non-compliance with the duty to co-operate is incapable of modification at examination). You will need to say why this change will make the Melton Local Plan legally compliant or sound. It will be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

lease set out what change(s) you consider necessary to make the Melton Local Plan legally compliant or sound:

With the publication of the HEDNA report anticipated for January 2017, we would suggest that it may be beneficial to delay submission and adoption of the new Local Plan until the Council has had an adequate opportunity to review its housing requirements, to reflect the updated OAHN that will be outlined in this report. Furthermore, we consider it necessary for the Local Plan to remove the current limit on the amount of development on unallocated sites as it restricts the likelihood of affordable housing being delivered in rural areas. If the Council is minded to make these changes, then it will ensure that the submitted Local Plan is flexible, robust and more likely to pass the test of soundness.

Policy SS3 – Sustainable Communities (unallocated sites)

1 CH4PSS3Q1: Do you consider that Policy SS3 is?

Do you consider that Policy SS1 - Legally Compliant::

Do you consider that Policy SS1 - Sound::

No

Do you consider that Policy SS1 - Complies with Duty to Co-operate:

2 CH4PSS3Q2: If answered "No" to "2: Sound" please answer the following question. Do you consider that the Policy is unsound because it is not?

1) Positively Prepared, 2) Justified, 3) Effective, 4) Consistent with National Policy

3 CH4PSS3Q3: Please give details of why you consider Policy SS3 is not legally compliant or is unsound or fails to comply with the Duty to Co-operate. Please be as precise as possible. If you wish to support the legal compliance or soundness of Policy SS3 or its compliance with the Duty to Co-operate, please use this box to set out your comments.

Please insert text here. :

With regards to Policy SS3: Sustainable Communities we are encouraged by the Council's support for development on unallocated sites during the Plan period. However, we consider it unsuitable to enforce definitive limits of residential development on unallocated sites. This approach does not allow for flexibility within the plan if there are any delays with the strategic development areas. Furthermore, for those settlements that are not classified as Service Centres, the policy does not encourage the provision of affordable housing. This would appear to be contrary to Paragraph 54 of The Framework which states 'local planning authorities should be responsive to local circumstances and plan housing development to reflect local needs, particularly for affordable housing'. Therefore, the proposed limits on the amount of development on unallocated sites would not appear to be compatible with the objectives of the NPPF, including with the presumption in favour of sustainable development.

HOS1

We support the allocation of part of the site (Red Land) as a potential residential development site as part of Policy C1 (A): Housing Allocations. The site has a resolution to grant outline planning permission for 25 units, in line with the policy's allocation, and as such we can confirm that the site is available and deliverable. In addition, we propose that

the boundary for the allocated site is amended to include the Blue Land (Appendix 1). This would enable the delivery of a further 15 dwellings and assist in providing flexibility in the plan. We understand that the Neighbourhood Plan Group is in support of this proposal. The site, currently agricultural land, has clearly defined boundaries. The site is bordered by Canal Lane to the south, a public bridleway on the western edge with an equestrian business adjacent, residential property to the east, and agricultural land to the north. The village is located in close proximity (approx. 8 miles) to a wide range of services and employment opportunities in Melton Mowbray. In addition, Hose has good links to the A46

and A606, providing access to Leicester, Nottingham and further afield. It is located close to Grantham and the main East Coast train line to London and the North. It has bus links to Melton Mowbray, Nottingham and Grantham. As a result, the village is a desirable location where people want to live.

Hose has been identified as a sustainable village, which offers a good number of services, including a Primary School, public house, village shop and Post Office, two churches, and village hall with sports fields including a bowling green and floodlit tennis club.

The village is also located in close proximity to both Long Clawson and Harby, where there are a number of other local services, including a GP, further shops

and a café/deli.

We consider that the site (Blue Land) has the capacity to accommodate approximately 15 dwellings, including affordable housing and any associated infrastructure. The proposed development scheme would provide a range of property types and sizes.

Therefore, we consider the site to be in a sustainable location, close to a number of services and facilities and highly accessible. It provides a good opportunity to make a significant contribution towards meeting the Borough's development needs.

In respect of Policy C2: Housing Mix, we fully support its requirement for new development to deliver a range of housing types and sizes. We consider it necessary for there to be a range of housing opportunities, including a range of locations in which to live, and therefore we believe that this should be reflected in other policies in the draft Local Plan. With regards to the proposed development scheme, it has given significant attention to providing a range of dwelling types including bungalows, terraced, semi-detached and detached houses ranging in sizes from 2 to 5 bedrooms. An application on the Blue Land (Appendix 1) would also meet this criteria.

We fully support the objectives of Policy EN11: Minimising the risk of flooding. Given that the presumption in favour of sustainable development is the golden thread running through

national and local planning policy, it is logical that this translates into development being located in areas that are not at high risk of flooding, and also that schemes do not increase the risk of flooding elsewhere. With reference to the Environment Agency Flood Map for Planning, the subject site is not an area at significant risk of flooding.

we fully support the objectives of Policy D1: Raising the standard of design, good planning and good design are inseparable. The proposed development scheme has been designed with consideration for all of the criteria contained in the policy; a significant proportion of trees has been retained, while a large amount of additional landscaping has been provided to ensure that that residential amenity of neighbouring properties is not compromised. Furthermore, sufficient on-site space has been provided to allow for offstreet parking adjacent to all dwellings.
