

Dear Mr. Worley,

I have received your email of 10th May and have now downloaded and examined the Additional Modifications and Schedule which you identify.

Having done so both my Clients and I are disappointed, as well as concerned, that your Council have chosen not to respond positively and constructively to the changes to the emerging Plan which we seek – particularly where we regard such changes as logical, appropriate, and necessary to ensure that the Plan will fully and accurately reflect and record the availability of land for development which your Council have already confirmed is fully acceptable in terms of planning principle.

Against this background I shall be pleased if you will:-

1. Specifically and expressly confirm that my Clients' representations are going forward for consideration and determination by the Inspector.
2. Notify me both when the Inspector's Report is published and when the Plan has been adopted.

I look forward to receiving your response upon the foregoing matters as appropriate.

With best regards.

Ray Kilsby
