Melton Local Plan – Proposed Modifications Consultation – Representation Form

Following the Examination hearing sessions held in January and February 2018, Ms Mary Travers, the independent Planning Inspector appointed on behalf of the Secretary of State, has requested that the Council now undertake consultation on a number of Main Modifications (MM) required to make the Plan sound. The Inspector will consider all of the representations that are made on the proposed Main Modifications before reaching her final conclusions on any changes that need to be made to the Local Plan in order for it to be sound and capable of adoption. Her reasons will be set out in her report to the Council which will be published in due course.

Please provide comments below, being as precise as possible. Comments can support, as well as object.

It is noted that it proposed to remove the reference to phasing of development to ensure that wastewater treatment capacity is available in time to serve the development. The reason(s) for the above changes does not appear to be included in the Main Modifications consultation document.

The phasing of new development (where required) to ensure it is aligned with water recycling infrastructure is consistent with the National Planning Practice Guidance (Paragraph: 005 Reference ID: 34-005-20140306).

If you are objecting, please set out what further changes you consider necessary to make the plan sound.

We would ask that this wording is retained or reference is included in Policy EN11 to ensure that capacity is available within both sewerage network and at the receiving water recycling centre in time to serve developments within the district.
