

Hi Mr. Beverley, I am writing with reference to Reg - 16 Consultation document to give my support to the Frisby Neighbourhood Planning Advisory Committee. They have worked hard in lengthy consultations with village residents - there is no need for me to repeat their recommendations. However, as a resident of Frisby for 21 years I hope you will appreciate the common sense, careful planing and rightfulness of their ideas as representative of a consensus within the village. Sincerely, Stephen Hall.
